# THE DESIGN CURE

February 2010~Newsletter

## *Dress the windows in your world...*

With new year resolutions and commitments that seem to fade, this year, make one new year's resolution that celebrates your home, and keeps on giving...a new face to your space for the new year! It is our mission to create beautiful and functional living spaces based on your guidelines and priorities, then translate that into simply good design.

***Dress the windows in your world!*** Hard, soft, custom and semi custom window treatments are a multi-functional accessory that can protect your flooring or furniture from harmful UV rays resulting in fading and dry rotting. As well as, adding depth, texture and color to your spaces. Our designers specialize in designing custom treatments for you space .

***Please view our portfolio on our website to see more custom window treatments we have created for our clients and get inspired!***

Photo-Referenced from Hunter Douglas Cure Design Group, authorized Dealer of all Hunter Douglas products!

**“Hard” window treatments** can be custom designed to create privacy from the inside out, as well as framing the window and putting the final touches on any space with the use of color and texture.

Designed By:  
Cure Design Group's  
Senior Designer  
Jacob Laws

**“Soft” window treatments** can be custom designed for any space. Lined and inner lined to create uniform from the outside and protection of your fabric and furniture inside. We offer fully custom designed window treatments as well as semi custom designed treatments. Contact Cure Design Group for more information today!

**We look forward to hearing from you!**
